

Transcript of prophetic word given at The Blessing the Commonwealth Service on Saturday 16 July 2022 by Wanda Fost, from Canada, at Gas Street Church, Birmingham.

We've made the voice of God so common. You'll hear a prophetic word spoken in the church and you'll go out and have Sunday dinner and won't even remember what it was.

God created you (United Kingdom) and purposefully put you on the face of the earth to be a Mother nation, to bring healing, to bring love and to establish His kingdom all over the world and the enemy fears you, he fears you – he's tried everything – he's done counterfeit, he's done everything he possibly can to stop you. But there's a remnant and it only would have taken ten to reverse that in Sodom and Gomorrah. He looks for those who really want to see what God wants and are willing to lay down their life to do it.

I came today (from Canada to United Kingdom) because I believe that we are on the cusp of God moving in ways we've never dreamed or imagined possible and He's going to use you.

Over 60's

If there's people here (and I think there's a few) who are over 60 years old, could I ask you to stand. I want to speak to you because I believe the enemy has been speaking to you and telling you that your time is up, it's time to quit, it's time to pass it on to the younger generation, but I believe that you're going to be restored in your youth and especially here in the United Kingdom. We're seeing that God has the plan for those who have laboured and toiled and have brought forth that which we are seeing today being established on earth and you are going to see with your own eyes those prayers, those dreams being answered and fulfilled. Receive the *youth anointing* now in Jesus' Name. There's a *breaker anointing* upon you. It's time to dream again, it's time to let go of the past and take hold of the future that God has for you.

Moses was 80, Sarah was 99, Abraham was 75 when they began their ministry. Where you've walked to this day has been training, now you're stepping into your destiny! This is the day to step into the fullness of the call of God on your life! Do not shrink back! The next generation needs you. Everybody needs you. We need your wisdom, we need your prayers, we need your counsel. It's time to wake up! What the enemy has tried to suck out of your bones – it's time to take that new marrow from the Kingdom of God and to establish again everything that you were created to be. Dream again, write! sing! If you've got any gift at all, give it to the Lord today!

I know that was one of the things God wanted to say.

40 to 60 year olds

I want those from the age of 40 to 60 to stand. You're the bulldozers okay, there's a *bulldozer anointing* on you, there's a strength God is giving you to go and pioneer. There's a *breaker anointing* on you to go and take that which the enemy has stolen. It's time for you to take what the enemy has stolen.

20 to 40 year olds

And I want the next generation to stand – those who are from 20-40. I want you to hear this – every single one of Jesus' disciples were your age, every single one of them conquered the world, every single one went out with the fire of God, laid down their lives and gave everything. YOU are at that place of giving absolutely everything. Every time you give – divine multiplication. There's a *pioneer*

spirit that's upon Britain – you're not satisfied to 'sit at home and knit' (even though that's a good thing!) You want to see the Kingdom of God in ways that outside of the box. So there will be, even from Britain, new songs, new worship, new dreams, new strategies, new breaking of the power of God. It was your age – the 20 to the 40 year olds – you were the ones who got in the ships and took your children, you were the ones who built the houses on The Prairies and The Rockies, you were the ones who travelled all over the world to establish The Kingdom of God. Take it back – you may think you are few in number – multiplication. You're going to see the least person that you would think would come into The Kingdom, walking with you, marching with you and establishing The Kingdom of God.

Under 20's

And the next generation. Do we have anybody here under 20?

I have something for you. I brought a precious stone from Newfoundland. It just says 'You brought precious stones from the land and built the Church. I brought a precious stone from Newfoundland to give to you. It's called labradorite, with a heart.'

Don't be held back in any way, shape or form! David was around 15 years old when he faced Goliath. All of the greatest soldiers and armies of Israel wouldn't face Goliath, but David said *"but my God...."* and you're the generation that's going to go so deep into God, because the enemy is trying to kill your generation, he's trying to kill the young people with lies, deception, sexual sin, there's all kinds of things but God's raising up the Davids, He's raising up the Marys, He's raising up those young people who have that anointing to do what God said to do and it's going to change the world. Just one person – David changed the world, Mary changed the world because she said *'yes, be it unto me that Thy will be done.'*

I'm speaking this into the UK. I feel there's something in the UK, that when you get it right it's going to affect the world. It's going to have huge, powerful outpouring of the Spirit of God.

This is the most important thing, I believe, and closest to God's heart: John 17 'Lord that they would be one as we are one.'

I believe that Britain/UK, you have been chosen by God to bring the family together, to unite the kingdoms and to make us one. I believe there's a gift upon you. You went out and conquered the world many, many years ago. I believe that God has the final say now. Go conquer the world for Jesus! Love, love, love. Be a true Mother.

I feel this from God and when I sat there with God – I don't want to even get up and say anything unless You give me the words to say. You (United Kingdom) are a gift to the world and I, as a mother, and many are listening from The Commonwealth Nations, we're going to be together and do this – you need us and we need you.

These words are heart to heart with God – He loves you.

Something has turned. When we were on the healing the Commonwealth call, the other day, at the end of the call, I listened to all the sad stories of things that were done wrong and I felt The Lord come upon me and my thought was, 'Lord all these sad stories gave so much glory to the enemy'. We're telling his story of how he caused all the problems and how people did so much wrong. I said, *"It's time for Britain to start telling the world Your story and let go of the past, to let go of the shame and all those things that were done wrong."* I believe there was really good intentions from many who left the land (of the UK) and went into the other nations, but I believe that the enemy used many of those people to cause a lot of pain. I believe that you're entering into a season when you

can go into those nations and bring a lot of love and healing, I believe there's a turn around, I believe everything that God had planned, just like with Joseph at the end, he said, 'this was all God's plan' and all of a sudden he was reunited with his father and his brothers and the family became one and it became a glorious, wonderful thing. I believe we're in that day of a great outpouring of love over you and through you to the world.
